

SENIOR BUILDING CONTROL SURVEYOR
London – Excellent Salary plus Extensive Benefits

Prime Construction Consultants Ltd are established Corporate Approved Inspectors with an extensive and varied range of clients. Now in existence for 15 years, the company has gained a reputation for 'excellence' and has subsequently grown from strength to strength.

Due to the high demand for our services, we are immediately seeking an experienced and commercially minded Senior Building Control Surveyor to be based within our friendly surveying team in London, Kensington.

The position is full time and provides an excellent opportunity for the right candidate to be an integral part of a growing and successful friendly Company. We have also received confirmation of our CICAIR re-approval for 5 years and have recently renewed accreditation from Investors in People.

Ideally applicants will have gained full membership of either RICS, CABE or equivalent qualifications. In addition they will have an extensive knowledge of construction, relevant legislation and the regulatory framework. However, experienced or part qualified applicants working towards a relevant professional qualification will also be considered. A full driving licence will also be required.

The successful candidate can expect an excellent remuneration and benefits package with the support of an enthusiastic and ambitious company to assist in the development of your professional career.

Benefits include: Company vehicle/payment of public transport, Workplace pension, paid annual leave plus Christmas to New Year closure and an additional day for your birthday, training plan with career development support, Payment of Professional Subscriptions and access to our Company Profit Sharing/Share Equity Scheme.

With benefits like this, you will not just work for Prime Construction Consultants Ltd, you will own part of it!

If you feel the position is right for you, then do not hesitate to send a detailed CV to:
